

## **We Can Code IT Selected by Amazon as an Education Partner for Career Choice Program**

*Amazon hourly employees learn software development and gain support to start careers in tech.*

*Amazon's Career Choice program offers pre-paid tuition to learn new skills for career success at Amazon or elsewhere*

CLEVELAND, Mar. 3, 2023—Today, We Can Code IT announced they have been selected as an education partner for Amazon's Career Choice program for the third year in a row, providing Amazon's hourly employees access to their award-winning software and web development, "Coding Bootcamp."

We Can Code IT, named Course Report's Best Bootcamp 7 years in a row, sets the standard for modern, accelerated software development education. The On Course™ Proven Process ensures students will be taught modern, in-demand software and web development skills in a collaborative atmosphere. Instructors teach through a problem and project based approach, ensuring the most "real world" learning possible.

Amazon's Career Choice program is an education benefit that empowers employees to learn new skills for career success at Amazon or elsewhere. The program meets individual learners where they are on their education journey through a variety of education and upskilling opportunities including pre-paid college tuition, industry certifications designed to lead to in-demand jobs, and foundational skills such as English language proficiency, high school diplomas, and GEDs. In the U.S., the company is investing \$1.2 billion to upskill more than 300,000 employees by 2025 to help move them into higher-paying, in-demand jobs.

Amazon's Career Choice program has a rigorous selection process for third-party partner educators, choosing partners that are focused on helping employees through their education programs, assisting them with job placements, and overall offering education that leads to career success.

"We're looking forward to We Can Code IT coming on board as an education partner for Career Choice, adding to the hundreds of best-in-class offerings available to our employees," said Tammy Thieman, Global Program Lead of Amazon's Career Choice program. "We're committed to empowering our employees by providing them access to the education and training they need to grow their careers, whether that's with us or elsewhere. We have intentionally created a partner network of third-party educators and employers committed to providing excellent education, job placement resources, and continuous improvements to the experience. Today, over 110,000 Amazon employees around the world have participated in Career Choice and we've seen first-hand how it can transform their lives."
